Off topic of this chain, but following up on our meeting we also heard back from TC's lawyers that they could do a call on Feb 15. You may recall we had proposed Feb 12, but they offered the 15<sup>th</sup> instead. They said morning, but did not give a specific time. If it worked for you all, we could propose 10.30 or 11 on Feb 15?

Thanks Rosa.

I studied the ELT and ERT websites, and I can't tell whether they are connected. ELT has a list of affiliated entities on its site, and ERT is not one of them. We might need to ask Tom which company he was speaking for on your call, and if the

two are related (because I do have some older emails from Tom Lobasso at an ELT email address). I'm cc'ing David, in case he has more insight into the question.

My understanding from Honeywell, but could be wrong, is Tom still - while maybe not working directly- still reps for ELT. But also I guess one could rep for more than one company, so I guess that does not tell you too much. Let us know what you learn too please.

Yes but just to confirm - is ELT connected to ERT (Environmental Risk Transfer)? DEC had a conference call with Tom Lombasso who is no longer with ELT & his client ERT regarding the TCC site. I wasn't sure if this is another entity interested in the site or if the two are related.

Thanks  
Terri

Hi Rosa, Terri and Margo,

I just sent an invitation for a call on February 19 with ELT. Could you forward it to everyone from Honeywell, DEC and EPA that would also like to participate?

Thank you,  
Laura
